This seminar will be a two day adventure in the realm of VST Tracking based on Steve's booklet. (*Making Scents of the Urban Jungle*), focusing on scent training work in an urban environment with the emphasis on improving the skills and confidence of both dogs and handlers.

Topics will be covered through power point presentations, discussions and demos with CT trained dogs when available. The emphasis of the second day will be working with novice (to VST) dogs and handlers so everyone can watch them learn the lessons covered on the first day.
